About the Great Cornish Food Store

We are the first totally independent food retailer to be co-located with one of the major supermarkets, making it easy and convenient for people to buy local produce.

Over 95% of the food and drink we sell in the store is from Cornwall. Where we can't find a product in Cornwall we extend across the Tamar to Devon – but no further.

Some of our suppliers are the big Cornish names; others are tiny gems we've discovered. That mix is precious to us, and we test every product for quality, flavour and value.

Our café is a showcase for the ingredients we sell in the store. Our chefs cook from scratch, including making all the stocks, sauces, mayonnaise and dressings. They also make many of the items you'll find on our fresh counters, bringing you restaurant quality food in an informal café setting – and to take home.
